

YOUR GUIDE TO...

BIOLOGY AT ERWIN HIGH SCHOOL

DURING REMOTE LEARNING

BIOLOGY IS THE STUDY OF LIFE

REGULAR AND HONORS SECTIONS WILL EXPLORE A VARIETY OF TOPICS

BIOCHEMISTRY, CELL STRUCTURE AND FUNCTION, SPECIALIZED CELLS, CELL TRANSPORT, HOMEOSTASIS, CELL DIVISION AND REPRODUCTION, PHOTOSYNTHESIS AND CELLULAR RESPIRATION, GENETICS, EVOLUTION, CLASSIFICATION, ANIMAL BEHAVIOR, PLANT AND ANIMAL ADAPTATIONS, ECOLOGY, CLIMATE CHANGE, ENVIRONMENTAL IMPACTS, BIODIVERSITY

DAILY EXPECTATIONS

EXPECT VIRTUAL LESSONS AND ASSIGNMENTS EVERY DAY

Please complete daily assignments posted on Google Classroom
Make sure to submit them before the due date!
Beginning August 31st, you will be expected to attend daily classes on Zoom. If there is an emergency and you cannot attend, your parent/guardian should email your teacher before the scheduled class time.

COMMUNICATION

EMAIL, REMIND, ZOOM, AND GOOGLE CLASSROOM

Please contact your teacher through email, Remind, or comments on assignments in Google Classroom. Teachers are available for one on one tutoring through Zoom by appointment from 8-9 or 2-3.

GRADES

CHECK POWERSCHOOL AT LEAST ONCE A WEEK!

Most assignments will be graded within google classroom, but check Powerschool regularly for an accurate and up to date average and complete missing assignments in a timely manner. Grades will be calculated based on total points, with larger assignments having a higher point value. Honors students will be challenged with additional rigor and extension activities.

TECHNOLOGY

SO MANY TOOLS TO HELP US LEARN!

In addition to Google Classroom, we will learn utilize many tools to enhance our remote learning experience, including CK12, Google docs, slides, and drawings, Gizmos, Padlet, PearDeck, Quizizz, Kahoot, Newsela, and more! If you have a favorite technology tool that helps your learning, please share it with your teacher!
