CFNC Plan

As NC Countdown to College begins, it's a good time to narrow down the list of colleges to which you'll apply. Join us to learn about CFNC career and major search tools to help you find colleges that match your career goals, and how to use the CFNC College Search tool. Bring your questions about careers and the admissions process, and we'll help you get started!

FAFSA & RDS

FAFSA & RDS go together like macaroni and cheese! Prepare to apply to college by completing both. Learn how to avoid the Top 10 FAFSA Errors and what you need to establish North Carolina Residency. Financial aid administrators and Residency Determination Service experts will be on hand for live chat, resources will be offered specific to your questions, and a short presentation every 15 minutes will help in case you don't even know what to ask.

Applications

As you prepare to apply to colleges and universities, plan to attend one of these live help sessions hosted by admissions professionals. Each session will start with a short presentation of helpful tips and information for submitting a transcript and completing online applications. You will then have an opportunity to get YOUR questions answered via live chat. We look forward to assisting you!

Financial Aid 101

After the FAFSA, but before your first day on campus, you need Financial Aid 101. What is an award letter? If you've already completed your FAFSA for the 2021-2022 school year, you had to report your 2019 income on the FAFSA you filed. What if your household situation has changed in 2020? And what if you are selected for verification? Financial aid administrators will be on hand for live chat, resources will be offered specific to your questions, and a short presentation every
